CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

ASSEMBLY BILL

No. 377

Introduced by Assembly Member Mendoza

February 23, 2009

An act to amend Sections 23001, 23027, and 23035 of, and to add Sections 23005.5~~and~~, 23010.5, *and* 23036.5 to, the Financial Code, relating to deferred deposit transactions.

LEGISLATIVE COUNSEL'S DIGEST

AB 377, as amended, Mendoza. Deferred deposit transactions.

Existing law, the California Deferred Deposit Transaction Law, provides for the licensure and regulation by the Commissioner of Corporations of persons engaged in the business of making or negotiating deferred deposit transactions. Existing law prohibits a licensee from making false, misleading, or deceptive advertisements regarding its business of making or negotiating deferred deposit transactions. Existing law prohibits a licensee from placing an advertisement disseminated primarily in this state for a deferred deposit transaction unless the licensee discloses that it is licensed by the Department of Corporations. Existing law authorizes the commissioner to require a licensee to maintain a file of its advertisements for a period of 90 days. Existing law provides that a customer who enters into a deferred deposit transaction shall not be subject to criminal penalties for failure to comply with the terms of a deferred deposit transaction agreement. Existing law requires an agreement to enter into a deferred deposit transaction to be in writing and to include specified information and disclosures. *Existing law authorizes a licensee to allow an extension of time, or a payment plan, for repayment of an existing deferred deposit*

transaction, as specified. A willful violation of the California Deferred Deposit Transaction Law is a crime.

This bill would require specified applicants for licensure under the California Deferred Deposit Transaction Law, including, but not limited to, corporations, partnerships, and sole proprietorships, to include in their applications fingerprints and a completed statement of identity and questionnaire, as specified, for certain individuals, and other information, as specified. The bill would require a licensee to notify the department in writing of changes to the individuals named in the licensee's original application for licensure or if the licensee or any of those individuals has been found to have violated the laws of another state relative to deferred deposit transactions. The bill would also require a licensee to notify the department in writing when offering a new product or service that will generate more than ~~5 percent~~ 5% of the revenues of an office. The bill would make advertisements on the Internet by a licensee subject to the provisions regulating deferred deposit transaction advertisements and would require a licensee to maintain a file of all advertising copy for a period of 2 years from the date of its use. The bill would prohibit a deferred deposit transaction customer from being threatened with criminal penalties for a failure to comply with the terms of an agreement and would prohibit a licensee from referring or delivering a check taken in a deferred deposit transaction to a prosecutor or other law enforcement official for purposes of collection or criminal prosecution unless that information is requested as part of an investigation. The bill would require a specified notice that is separate and distinct from the deferred deposit transaction agreement to be provided to and initialed by a customer before entering into the agreement. *The bill would require the notice to inform the customer that he or she may rescind a deferred deposit transaction at no cost by notifying the licensee and returning the proceeds of the transaction within a specified time period.* The bill would require that, if the *deferred deposit* transaction is conducted over the Internet, the customer shall agree in the written agreement to conduct the transaction and to receive notices and the agreement electronically. The bill would also require a licensee, when conducting deferred deposit transactions over the Internet, to make notices and the agreement available to a customer in a format that may be downloaded and printed or, if the customer is unable to download that information, to mail the documents to the customer within 24 hours of the transaction. *The bill would authorize a customer who is unable to repay a deferred deposit*

transaction to elect, once in any 12-month period, to repay the deferred deposit transaction to the licensee pursuant to an extended payment plan, as specified. The bill would require a customer to be notified of his or her right to an extended payment plan. Because a willful violation of the bill's provisions by a licensee would be a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

15 a product or service, other than deferred deposit transactions, is
16 generating in excess of 5 percent of the monthly gross revenue of
17 any licensed office shall notify the department in writing that it is

4 the terms “California” or “Department” are abbreviated in a printed
5 disclosure, it shall not be deemed to be a violation of this section.

6 (c) The commissioner may require that rates of charges or fees,

27 and offers a personal check to a licensee pursuant to an agreement

30 violation of this division for a licensee to refer or deliver a check
31 taken in a deferred deposit transaction to a prosecutor or other law
32 enforcement official for purposes of collection or criminal
33 prosecution, unless the prosecutor or law enforcement official
